## WARD BEACH IS DEAD

Placerville Man Had Gone To Valley A Week Ago Seeking Health

Ward Beach, 69, carpenter and builder, died Thursday afternoon at the home of his sister, Mrs. D. L. Carter, at Woodland.

Mr. Beach had not been feeling well of late and just a week ago today went to Woodland, hoping that the state of his health might improve in the lower altitude.

He was a native of Elbas, New York state, and came to California fifty years ago, settling in Placerville where, for many years, he was associated with his brother, the late Seth G. Beach, as a carpenter.

He moved to San Francisco about 1900 and entered the contracting business in that city and built a number of larger buildings in that community during his fifteen years of residence there.

Later he engaged in contracting at Riverside and he returned to this county about eighteen years ago, being for some time the yard superintendent at Diamond Springs for the California Door Company.

During more recent years he had been engaged in carpentering and contracting in Placerville.

Mr. Beach was a member of Golden West Lodge No. 455, F. & A. M., at San Francisco, a member of El Dorado Commandery No. 4, Knights Templar, and St. James Chapter No. 16, R. A. M., a member and Past Toparch of the Scouts and a member of Ben Ali Temple of the Shrine.

He is survived by one brother, Robert Beach, of this city, the sister at whose home he passed away and a daughter, Mrs. Regina Ferris, of near Riverside, in addition to several nieces and nephews and more distant relatives.

## Auburn Awaits Ski Meet

Slalom And Down-Hill Championships To Be Decided In Two Days

AUBURN, (UP)—International and American ski champions made trial spins today over the Auburn Ski Club's two new courses for the international championships here tomorrow and Sunday.

Competition will be held in the downhill racing events and the slalom, and the jumping events will follow a week later at Treasure Island. The tournament is held annually by the F. I. S., international ruling ski group.

Topping the entry list were Fried Pfeifer, 27-year-old Austrian who is No. 1 man of Germany's ski ways, and a former Austrian, Hannes Schroll, who has been living in America for several years. An exciting duel between Pfeifer and Schroll, who are long-standing rivals, is expected. Pfeifer became the German ski king last years with the "Anschluss" and is here, he said, by permission of the German government.

## HISTORICAL SOCIETY MEETS ON MONDAY NIGHT

The members of the El Dorado Historical Society will meet in the Court House Monday night at 7:30. Two important items of business will be transacted.

It is desired to amend the constitution and bylaws to meet certain requirements of the State in order to incorporate the society under the laws of California. The members of the finance committee will also give a detailed report on the progress to date on the building fund.

Contributions to the fund continue to increase the amount pledged so that the balance to be raised is rapidly decreasing.

## SLIGHT OVERSIGHT BOGS SHASTA PLANS FOR NEW JAIL

REDDING (UP)—Bewildered Shasta county supervisors found construction on their proposed new county jail had bogged down. Investigation showed the following oversights:

Sewer connections from the jail led to a "non-existent" manhole.

There was no fund provided for building inspection fees.

There was no written order to the contractors to begin work.

Henry Bacchi was a caller from Lotus Friday.

**BROTHER, CAN YOU SPARE A DIME** is what this buck may be thinking of (if bucks think, and some hunters believe they do) as he halts on the porch at Pacific House, all set to enter the dining room. With the natural feed covered under snow, it's little wonder the deer is looking for the dining room. Still, he looks plump enough. The picture was taken by Floyd Poole, of Pacific, who "shot around the corner."

## ELEVEN DIE IN COLD WAVE

Nation East Of Rockies Due For Continuance In Current Storms

By UNITED PRESS

Sub-zero weather brought death and suffering as blizzards raked the midwest and far west today. Meteorologists held little hope of a letup for several days.

Eleven persons lost their lives on the west slope of the Rocky Mountains in one frigid wave that was to be followed tomorrow by another out of Alaska. Simultaneously a blast sweeping eastward from the Rockies replaced recent mild weather with the lowest temperatures in three years.

The Mercury fell as much as 30 degrees in an hour as the storm fanned out into the Ohio valley.

Through far western states temperatures ranged from minus 51 in British Columbia to below freezing in southern Arizona. Snows covered Washington, Oregon and Idaho, closing some highways and making all dangerous.

The worst general storm in years hit Utah, crippling transportation, isolating communities and leaving at least four dead. Montana, the coldest state, reported one death. Two men died in British Columbia, three persons died in California and two visitors were caught in a blizzard on a Grand Canyon trail. One perished.

Below zero temperatures extended over the Dakotas to Oklahoma. Light snow and ice covered highways and made travel hazardous.

On the Pacific slope, highway crews struggled to keep the main routes open. One crew rescued five persons from a stalled bus between Barstow and Bakersfield, Calif. Another crew cut a path to the women's prison at Tehachapi.

IN MEMORIAM  
PETER F. MORGAN, SUPERVISOR OF THE COUNTY OF EL DORADO, STATE OF CALIFORNIA, FROM SUPERVISORIAL DISTRICT NO. 5, FROM JANUARY 2, 1911, TO JANUARY 3, 1927.

At a regular meeting of the Board of Supervisors of the County of El Dorado, State of California, held on February 6th, 1939, the following proceedings were had in honor of the memory of the late Peter F. Morgan:

Supervisor P. J. Hall presented a memorial to the late Peter F. Morgan, Supervisor of the County of El Dorado, State of California, January 2nd, 1911, to January 3rd, 1927, reading as hereinafter set forth in full, and moved that the Board of Supervisors pass and adopt the said memorial and resolution so proposed; and further

moved that when the Board of Supervisors adjourns this day, it do so in honor of our much loved and respected fellow citizen and former Supervisor of this County, Peter F. Morgan.

Supervisor Hall addressed the Board as follows:

Members of the Board of Supervisors:  
Peter F. Morgan was for a long period of time—sixteen years to be exact—a loved and honored member of this Board, and now that he has passed on, we appear here today to pay some slight tribute to his memory. To that end a Memorial has been prepared, and I now have the honor of presenting it to this Board of Supervisors and of moving its passage and adoption and the adoption of the Resolution, which accompanies it:

MEMORIAL TO  
Peter F. Morgan, Supervisor of the County of El Dorado, State of California, January 2, 1911, to January 3, 1927, from Supervisorial District Number Five.

The earthly career of our friend and fellow citizen, Peter F. Morgan, who as Supervisor for sixteen years sat at this table, has closed. It is altogether fitting that we, the members of this Board of Supervisors—of which Board as a members thereof he served so long and so faithfully and so well—should express our high appreciation of his devoted and efficient public service during such a long period of time, and pay tribute to his character as a man, to his integrity, to his warmth of nature, to his active interest in and participation in state, county and local affairs, and in particular to his watchfulness, his determination and dependability and executive ability in the performance and discharge of the duties that were cast on the Board and its members at a time when such qualities and executive ability were needed.

The period of Mr. Morgan's services as Supervisor might well be termed a period of renaissance in so far as County affairs and activities were concerned. It was that period that saw the expansion of the State Highways and the reconstruction of the old routes of travel as parts thereof, in the working out of which the co-operation of the County was needed in many ways in overcoming the difficulties that arose under the system of operation that had been adopted. It embraced the time when, after the destruction of the old court house by fire, with loss of the county records pertaining to the assessment of property for revenue and taxation purposes, prompt action, looking to the restoration of such records, had to be taken, as well as prompt action looking to the construction and equipment of the present court house and the raising of the necessary money therefor. Roads throughout the county had to be improved and reestablished on more substantial and permanent lines and concrete bridges had to be built of modern and satisfactory design to respond to and satisfy the demands that arose on every side, included in which may be mentioned the Morgan Grade (named after Mr. Morgan) between the American River at Chili Bar and Kelsey, in the construction of which Mr. Morgan was especially interested; and his period of service embraced the days of the World War with support of the government and prompt discharge of the duties then and following that devolved in all the activities in which he could be of service.

Peter Fitzpatrick Morgan was born in Detroit, Michigan, May 20th, 1858, the son of Patrick and Mary Fitzpatrick Morgan, but lived virtually all of his life in and about Georgetown in this County. He departed this life January 21st, 1939. He was always active in the affairs of the community tending to promote the general welfare; and his sterling character, frank and generous nature, in other words, his trustworthiness and most pleasing personality made him at all times popular with his comrades, fellow workmen and fellow citizens, who all recognized that their respect and regard for him were due him and both warranted and deserved. Among his dominant traits of character, were strong religious conviction, a kindly affection for his fellow man and a heart "that could feel for his neighbor's woe," and what was at all times especially to be noticed, an unimpeachable integrity and a conscientious fidelity to duty in its every aspect. The young people were attached to him for his cordiality and good nature; and the older people who had known him well during the years that had come and gone, had a respect and regard for him increased with the passing years. In him they were glad to behold a man not only honest and true, but also one who within the relations of family and community life, endeavored fully to perform for the good of all, the part that had fallen to his lot. He was a good and kind husband, a good and kind father, a good man, and a loyal and true friend, and being such, friendship was enjoyable to him.

In the passing of Peter F. Morgan we have lost one of our best citizens and a noble, genial and particular friend. We are, however, heartened by the thought that

By HENRY McLEMORE

LOS ANGELES. (P)—Cecil Byron Hammond, a middle-aged gent who works at the boxing trade in these parts under the name of Jack Roper, will be the next innocent to bite the canvas under the sledge-hammer blows of heavyweight champion Joe Louis.

The bout between Hammond (or Roper) and Louis (or Barrow) has been arranged for this city on April 24, and will be held either in Wrigley Field or the Coliseum, depending on which has the quickest seating arrangement. No customer can afford to be late for this one unless he be an ambulance chaser and all he wants to do is follow Roper to the hospital.

Negotiations for the fight (hear! hear!) were handled by Tom Galley, a local Tex Ricard, and Mike Jacobs of New York, the bwana of bop who holds the leash on Louis. Roper was notified that he had been tapped for tapping by the champion while at the Universal movie studio, where he is an electrician and extra player. He recently completed a part in a picture starring Irene Dunne, and it is said that it was his familiarity with stars that had prompted Galley and Jacobs to assign him a supporting role with Louis.

Roper, a brother of that fine fighter of another day, Capt. Bob Roper, has been fighting off and on, since 1928. He has retired more often than John McCormack. Whenever the fistic pickings got lean he would resume his career as electrician and actor. Since 1936, however, when he flattened Art Laskey in a round, he has been going to the wars fairly steadily and has seen such fellows as Patsy Perroni, Jorge Brescia, Eddie Simms, and Bob Nestell. His next appearance will be against the Oklahoma Indian, Junior Munsell, at the Hollywood Legion tonight. After hearing the news that he was to fight Louis, Roper said he would knock out Munsell in three rounds, which isn't exactly a mad promise, being as three rounds is only about one under par for the Munsell course.

Given his share of the breaks, Roper should last well into the second minute of the first round with Louis. He might even last until the third minute if Louis happens to be brushed with sympathy at the sight of a man who has been so often in the ring.

though death has removed him from our midst his memory shall live on and the lesson of his well spent life and public service shall abide and continue with us.

WHEREFORE, BE IT

RESOLVED:

That this testimonial of our esteem and affection for Peter F. Morgan be entered upon the records of this Board of Supervisors as a loving memorial to him, his life and work; that the sincere sympathy of the members of this Board be and it is extended to the widow and children to comfort them in their hour of sorrow and distress and that the Clerk of this Board be, and he is directed to transmit to them a copy hereof, (which motions were each duly seconded and carried and the Memorial and Resolution duly passed and adopted by the Board, the members of which Board in testimony thereof hereto attach their signatures this 6th day of February, 1939.

## PASTOR OF "THE CHURCH IN COMMON, INC." MAY OFFICIATE AT UNCOMMON WEDDING ON COLORADO MOUNTAIN TOP

DENVER, Colo. (P)—It's perfectly legal to get married naked on a mountain-top, the sovereign state of Colorado ruled.

The ruling was by Attorney General Byron Rogers in answer to a letter from the Rev. H. P. Feree of the Church in Common, Inc.

Rev. Feree inquired whether he

might "marry an unclothed couple on a secluded mountain-top somewhere west of Denver on Easter morning."

He said such a ceremony would "be the only way these two can wash their sins away."

Identity of the sinners was withheld.

of the game, battle-scarred old war horse coming out in the face of insurmountable odds.

Like Tony Galento, all Roper has is a terrific left hand punch. Jack really can belt with his left fist. He hit Nestell with it in the first round a few weeks ago and Bob toppled for keeps. Roper is a fairly cagey boxer but when a man reaches the age where, when he blows out the candles on his birthday cake they throw off enough smoke to smudge an orange grove during a cold spell, he doesn't figure to have sufficient speed or strength to elude the swift, sure Louis.

The fight will make money, though. The rejuvenated Roper is the most popular boxer in southern California and the customers will come out to watch the veteran try to land a 1000 to 1 shot punch. Louis will be a tremendous drawing card in these parts. He has shown here but once, and that was in 1935 before he gained the heavyweight title. He knocked out Lee Ramage in the second round on that occasion. Galley believes that Roper and Louis will top the record Los Angeles heavyweight gate of \$134,000, set in 1928 by those masters of the manly art, George (Pork Chop) Godfrey and Paulino Uezudun.

## SHRINE CIRCUS OPENS ON TUESDAY AT AUDITORIUM

Northern California Shrinedom is preparing for the annual Ben Ali Temple indoor circus, which will open in the Sacramento Memorial Auditorium Tuesday, February 14th, for a six day engagement.

The circus is presented each year by Ben Ali Temple to assist in raising funds to provide for representing Northern California at the national Shrine gatherings. Ben Ali Temple has jurisdiction throughout the northern part of the state, although the headquarters are in Sacramento.

Potentate Carl E. Miller is general chairman of the circus. Miller announced the show will be entirely new this year and will present a program of all professional entertainment that will last two and a half hours.

Among the feature attractions around which the show will be built are some that have been headlined by the big shows of the nation. These include the Billetti Troupe, three men and a woman, working without a net, in high wire bicycle riding and balancing; Captain Noble Hamiter with his Nubian lions; Snyder's bicycle-riding and still-walking bears; Miss Mona, the miniature elephant; Billy Pope and Concha, featured performers from the Hagenbeck and Wallace show; Gene Rogers, famous slack wire comedian; the Six English Macks, outstanding comedy acrobats and Arthur Borella, noted clown and speaker, who will lead the fun makers. Borella has spent thirty years under the big top.

Besides there will be the trained dogs, aerialists in breath-taking feats, bareback riders and novelty specialists.

The Shrine plans on charging only a nominal fee (50 cents is the admission charge), believing an increase in the large number of people who have attended the past performances will insure an adequate financial return.

Performances will be given nightly, with matinees on Friday, Saturday and Sunday, February 17, 18 and 19.

## GRANGE NOTES

The regular meeting of the Home Economics Pleasant Valley Club of the Pleasant Valley Grange was held at the home of Mrs. Tom Gordon instead of Mrs. McCoy's, as was previously arranged. The Club is very anxious to complete the quilt they are working on, so they quilted all day and held the meeting late in the afternoon, at which time among other business, plans were discussed for the making of more quilts. Mrs. Springer asked the ladies to try and attend the meeting in Coloma on Thursday of all Home Economics Clubs of El Dorado County. At noon a delicious turkey dinner was served by Mrs. Gordon. Those present were Mrs. H. H. Bradford, Mrs. A. G. Springer, Miss Edith Avansino, Mrs. Tom Gordon and Mrs. R. W. McCoy. The Club will meet again on Tuesday, Feb. 7, to finish the quilt so it can be given away Tuesday night at the Grange meeting.

SPRINGFIELD, Ill. (P)—Illinois' death toll from traffic accidents last year reached the "deplorable" total of 2,173, but a decrease of 425 from 1937, the state highways division has announced. Worst month of 1938 was December, when 265 persons were killed.

## OWL WREAKS HAVOC

MADISON, O. (P)—An owl, driven by hunger, flew down the chimney of a vacant cottage here, knocked over a shelf of books, and ate part of the table top, curtains and shades. "It looked like a team of horses had gone through," said Ed Holway, owner of the cottage. The owl was found on the floor, dead.

## COLOMA

Friday morning a car, Placerville bound, carrying Mr. and Mrs. Clyde Danner and baby and Mr. and Mrs. Alvin Rhodes and two children and Arthur Danner, skidded in the snow off the high-flume grade and rolled over several times, the driver and his wife changing seats enroute. The car came to rest in the Wilkinson orchard with all four wheels in the air. The men managed to get the door open and all were taken by a passing motorist to Placerville where they were treated for cuts and bruises. Later Newton Grout got the car upright and it chugged out of the orchard on its own power with badly damaged top, bent fenders and broken windows, leaving several ruined pear trees behind.

Mr. and Mrs. Andrew Marchini and Bob Johnson attended the Pomona Grange meeting in Smiths Flat Friday night.

Mr. and Mrs. George Wagner and children spent Sunday visiting Camino friends.

Wednesday night Gold Trail Grange celebrated its eighth anniversary in Community Hall here. A large crowd attended and a good time had.

Last Friday Mrs. Charles Abercrombie slipped in the icy yard of her home on the Garden Valley road and broke her leg. It is said the break is of such a nature the lady will be confined to her bed several months.

News of the sudden death of Dr. A. L. White Tuesday morning, a week ago, was a great shock as he had seemed to entirely recover from the severe sick spell suffered last fall, and was his usual cheerful self. Since coming to this section with his family some eighteen years ago to make his home, he had become known as a kind, considerate friend in his dental practice as well as his neighborly and social activities. A scholarly Christian gentleman has gone from among us and will be missed by all with whom he came in contact.

Mr. and Mrs. Robert Goodwin, of Vallejo, visited their relatives, the Rohrer family last week and on their return were accompanied by Mr. and Mrs. George Rohrer, Sr., to Oakland where the latter pair will this week celebrate their golden wedding anniversary surrounded by their golden wedding anniversary surrounded by their children, grandchildren and many other relatives.

George Metcalf was at home over the week-end from Sacramento Junior College.

## CAMINO

The new storm which came in Tuesday left us two feet of snow (and this is on the level) which closed our school for the rest of the week.

E. Carsten and son, Ernest, attended the trap shoot held last week end by the Sacramento Trapshooting Club. Ernest, Jr., led Class A gunners in the 100 bird sixteen yard

mento, spent the weekend at the home of her parents.

Mr. and Mrs. John Lafaille and son Leland, who have resided at Penobscot for the past several months, have returned to their former home in Oakland.

## Summit Notes

The Summit Farm Bureau meeting was held at the school house last Thursday night, but on account of the bad weather there was only a small attendance. However, Mr. B. E. Haslam gave a splendid talk on "Soil Conservation," and Mr. Lyman Bender spoke on "Farm Bureau Membership." The Summit Dramatic Club gave only one skit that night, entitled "The Man from Nowhere," as it was thought best to wait until the next meeting to give the other one. Refreshments were served after the meeting was adjourned. Several of those present joined the Farm Bureau, and we hope to have many more new members soon.

The regular meeting of the Summit Dramatic Club was held at the school house on Monday night, Feb. 6. Ten of the members being present—the remainder couldn't make it on account of bad roads. The chairman appointed a committee of four to draw up a set of by-laws, which will be presented at the next regular meeting and discussed by all. It was decided that two skits would be given on Saturday night at the basket social, unless weather conditions prevent. They will be "The Country Doctor" and "The Man from Nowhere." Also the Club plans on presenting "The Man from Nowhere" and "A Husband for Huldah" at the next meeting of the Missouri Flat Farm Bureau. After the business of the meeting was concluded refreshments were served and a social time was enjoyed by all.

## FIVE MILE TERRACE

The regular meeting of the Blair's P. T. A. has been postponed until next week because of the snow. An interesting program has been planned to honor Founder's Day and Mrs. Ethel Wilson, president, requests that members watch for later announcements.

Blair's school was closed for a few days. Lieut. and Mrs. F. E. Kiser and their five months old son have recently moved into the Findley residence. The Kisers came to California eight months ago from West Virginia and Lt. Kiser is now on duty at Snowline CCC camp.

Mr. and Mrs. Earl Chesmore were called here Sunday because of the illness of Mr. Chesmore's parents, Mr. and Mrs. C. W. Chesmore. They left Bakersfield at noon, making the trip in six hours. Mrs. Chesmore has been ill for some time and Mr. Chesmore has been in poor health since a recent attack of the flu. Bob Moran made the trip with the Chesmores, returning south with them early Tuesday morning.

Mr. and Mrs. Art Serene and son, Don, came over from Auburn Saturday to visit with Mrs. Serene's parents.

Mr. and Mrs. O. R. Merrill and two children, of Sacramento, were visiting the Leavitts on Sunday.

Afton McBride, with a group of young people, were skiing in the vicinity of Fred's Place and Kyburz on Sunday. In the party were Edna Mae and George Smith, Joe Ronzone and Bill Sayers. Afton suffered a painful injury to her knee while tobogganing but was able to attend school Monday.

Al Huot was in Sacramento Friday night and attended the fights. Rance MacFarland accompanied Red's Rhythm Rascals to Angels Camp Saturday night.

Mr. and Mrs. Bill Liddicoet, of Placerville, spent Sunday evening at the home of the Joe Millers, visiting with Mrs. Ruth Chesmore.

A petition was circulated among residents and property owners in the Terrace Monday to be presented to the irrigation district directors at their meeting Tuesday in an effort to obtain a better water supply for this section.

Mrs. John T. Wilson and daughter, Mrs. Gladys Lowry and son, Vincent, of Pilot Hill, visited the John R. W. Wilsons on Saturday.

Little Bob Wilson is still on the sick list. Ray Wilson, a car consulting an eye specialist in Sacramento, returned to school Monday. He has been confined to his home most of the time since Thanksgiving.

Electrical service was interrupted here about thirty minutes Tuesday evening and the old coal oil lamp, reserved for just such an emergency in many homes, was brought out.

A fine example of snow sculpture in the modern manner was seen near the Five-Mile house Sunday. A group of figures consisted of a man, a lady, a hen and a small Scottie dog so realistic it seemed ready to bark.

The sun shown brightly on about two feet of snow Wednesday morning and by noon more snow was falling.

## LOTUS

Since our last writing quite a change has taken place in the weather. On Monday last our coldest morning for the past two years had the mercury down as low as 20 degrees at 7:00 a. m. Then followed by our first snow storm for the year 1939 on Friday last. This came a week earlier than last year which was on February 11th and the first for 1937 came on January 6th.

Among those from here who attended the funeral of Dr. Arthur L. White, held in Placerville on Friday last, were Mr. and Mrs. Albert Herzig, Sr., and son Herbert, Henry Bacchi, Mrs. Lottie Galleher, Florence Hines, Mrs. Ella Norris, Frank Gallagher, Mr. and Mrs. Otto Fenske and Mr. and Mrs. Harry Reaside. The writer was unable to attend, be-

ing confined to his bed with lumbago and a bad cold.

Mrs. Helen Schulze and daughter, Mrs. Velma Walley of Oakland, are spending a few days at their summer home in Coloma owing to the illness of Mrs. Schulze's husband who is a patient at the Sanatorium in Placerville. The ladies were in our town on business last Saturday afternoon and returned to Oakland Sunday to make some arrangements for taking Mr. Schulze back to Oakland. He suffered a slight stroke in Coloma a short time ago and is anxious to return to his home.

Mr. and Mrs. Nick Zaro, formerly residents of our town, and now of Coloma, are making plans to move to Georgetown this week where Mr. Zaro has been transferred to the state highway. We much regret their leaving our community but believe what is our loss is Georgetown's gain. Mr. Zaro has been working for the past five years on state roads, most of his time being put in on Route 49 from Placerville to Cool.

Mr. and Mrs. William Fox were called to San Francisco the past week to attend the funeral of Mr. Fox's cousin who was recently killed in a mine accident.

Word has just been received of the death of Mrs. Eva Bachtel, our old friend and one of the many school teachers who taught school in our town some years ago. Mrs. Bachtel died at a hospital in Sacramento Saturday, February 3rd, after a long illness. She leaves her husband and two brothers, Ollie and Ernest Demuth, now residents of the Kelsey district.

Mrs. H. Reaside and Miss Helen Reaside drove to Placerville to attend the Shakespeare Club Bridge Luncheon Tuesday afternoon. Mrs. Rex Barron and Mrs. Sam Speers made up the foursome.

Henry Bacchi, Mr. and Mrs. H. Reaside and Mrs. Lawyer were among those from Lotus who were present at the Shakespeare Club's Whist party in Placerville Tuesday evening of last week.

Loring White drove up from Santa Maria to attend the funeral arrangements for his father, Dr. Arthur L. White.

Mrs. Irma Lawyer took in the

## SHERIDAN'S RIDE SHOWN IN LINCOLN FILM COMING TO CHURCH

The thunderous gallop of charging cavalymen and the roar of cannon and shrieking shells help the audible recreation of Sheridan's ride to victory in the battlefield scenes of "Abraham Lincoln," D. W. Griffith's spectacle to be shown at the Federated Church, Sunday February 12th at 7:30 p. m.

Though the battle scenes take up but a small part of the whole picture, Griffith has employed them together with various allegorical devices, as effective expedients in symbolizing Lincoln's official and personal victory.

The public is invited to see this noted all-talking film. No admission will be charged but a silver offering will be taken.

## HOPES TO GROW PLUMS

LONDON, (AP)—Five plum trees have arrived at the Royal Horticultural Society's gardens, Wisley, Surrey, from Nelson, B. C. Scientists hope to be able to grow the trees on English soil.

"Spirit" was the subject of the Lesson-Sermon Sunday, February 5, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The Golden Text was: "Where the Spirit of the Lord is, there is liberty" (II Cor. 3, 17). Other Bible citations included: "Then Philip went down to the city of Samaria, and preached Christ unto them. And the people with one accord gave heed unto those things which Philip spake, hearing and seeing the miracles which he did. For unclean spirits, crying with loud voice, came out of many that were possessed with them; and many taken with palsies, and that were lame, were healed" (Acts 8: 5-7).

The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The spiritual reality is the scientific fact, repeated in the action of man and the whole universe, is harmonious and is the ideal of Truth, Spiritual facts are not inverted; the opposite discord, which bears no resemblance to spirituality, is not real" (p. 207).

A new infestation of citrus white fly has been discovered in Kern county.

It was quite useless for the priests or anyone else to forbid the disciples, especially Peter, to preach. Peter had had his moment of weakness, when he denied Jesus. Now he was strong and determined to do what he thought was right. And he knew it was his duty to preach the gospel as long as he lived. This simple, uneducated fisherman was to become one of the truly great men of the earth, remembered and honored centuries after many richer and better schooled had been entirely forgotten.

He had no money, but truly he had that which was more precious than riches — he could heal the sick and bring a message of good cheer to those who were sad and discouraged — and the latter we also can do, to show we are trying to follow the Lord he worshipped.

Cardinal O'Connell, now at Nassau, Bahamas Islands, became senior cardinal-priest December 24 on the death of Cardinal de Skrbensky of Germany.

It was said authoritatively that cardinals now in Rome would meet tomorrow, when they were expected to fix the date for the formal conclave at which a new pope is to be elected. Special meetings will be continued daily until the formal elective meeting is held. Vatican circles said that the formal conclave must be held within 26 days after the Pope's death. Reports that February 28 already had been set for the conclave were denied.

"TRADE WINDS" FEATURE

OPENING SUNDAY

AT EMPIRE

One of the most provocative and exciting motion pictures to reach the screen within recent years comes to the Empire Theatre Sunday and Monday under the title of "Trade Winds." Produced by Walter Wanger for United Artists release with a capably chosen cast headed by Fredric March and Joan Bennett, the new film is a fast-moving, romantic melodrama, smartly fashioned to contain all the elements of fine entertainment.

Among the varied and colorful backgrounds against which the action unfolds are included such countries as Hawaii, Japan, China, India, the Malay Peninsula, Ceylon, and the little known Laccadive Islands. Tay Garnett, director of "Trade Winds," spent two years filming the unusually impressive "location shots" revealed in the picture, and Art Director Alexander Toluboff did a magnificent job of designing the 79 different sets which dovetail with Garnett's original photography.

But perhaps one of the most interesting and arresting contributions to the filming of "Trade Winds" is the introduction of Joan Bennett as a vivid and flashing brunette. This reviewer found that dark tresses not only made the actress seem somehow a much more mysterious personality but added considerably to the force and sincerity of her performance throughout. Also, one must hasten to add, Miss Bennett as a brunette is even lovelier than she was as a blonde.

The screen play for "Trade Winds" was written by the practiced pens of Dorothy Parker, Alan Campbell and Frank R. Adams.
